Discussion of the COVID 19 Response and Recovery Plan.

Assistant Health Director Ryan Talken presented an update on the status of Joplin's confirmed COVID-19 cases. The data reflects only Joplin residents. As of July 19, 2020, there were a total of 318 confirmed cases; 55 active, 248 inactive, 15 deaths, 5 hospitalized, 132 active quarantines. These numbers can be found on our COVID19 dashboard on the City's website. The numbers have shown slight improvement and are continuing to be monitored 7 days a week. Staff continues to investigate cases and perform contact tracing. Everyone is encouraged to continue to social distance, wear a mask, stay home if you are sick, and get a COVID test if you think you need one. The National Guard provided free COVID testing at Ozark Christian College yesterday and today. Mask etiquette: please be a good neighbor and don't throw your mask on the ground, dispose of it properly.

After Mr. Talken's presentation, City Manager Nick Edwards stated the staff recommendation is to remain in Phase 2, Step 2 of the Recovery Plan, with the mask ordinance in place. The City Council members concurred.

News from Public Information Officer, Lynn Onstot.

Masks are still available to Joplin residents and are being distributed at Memorial Hall parking lot this week on Wednesday, Thursday and Friday. Times are from 7 to 9 a.m.; 11 a.m. to 1 p.m. and 4 to 6 p.m. The entrance is located on Joplin Avenue, just south of 7th Street. Residents can come and get masks for themselves and those in their households, and we're also encouraging them to help their neighbors, friends, and other family members who want or need a mask but can't get to the parking lot. They are welcome to pick up for these people too. They do not need to bring identification for these other masks. Our goal is to get masks to people who want them or need them.

The City of Joplin has begun testing the sanitary sewers through a process called "smoke testing". Smoke testing helps find and locate defects or improper connections by blowing an odorless and non-toxic smoke into the sewer. When there are no defects or improper connections, smoke will

only be seen from the roof vents of each building that is connected to the sewer. When there *are* direct improper connections, smoke will be seen where there are defects. Residents and business owners will be notified 48 hours before testing begins. Door hangers with this information will be placed on, or given to the owners, of buildings and homes that will be in the test area. Local Police and Fire officials will also be notified so they are prepared if citizens who have forgotten about testing happen to become alarmed.

Joplin residents recently received The Citizen newsletter, and I have a couple of updates to events listed in this edition. The Great Race that was scheduled to arrive in Joplin on August 24 has been cancelled and will be held sometime next year. The Space Program exhibit at the Joplin Museum has been postponed until further notice.

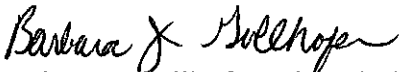

And a reminder that the City Manager has posted a survey asking citizens to dream about Joplin's future. They can find it on the City's Facebook page or website. Written surveys are available at the Library, Recycling Center and City Hall. For more information about these announcements, or other City news, please visit our website at joplinmo.org.
